**Disposal  
Case**

plus

**Auto-Lock Cutter**

The answer for users who

**“Are afraid to snap off blades,” or  
“Have trouble disposing of used blades.”**

**DA-1**

The Disposal Case can be easily detached from the cutter, and easily and safely used to snap off blades. Users enjoy enhanced safety while always working with a sharp blade no matter where they are. Applicable with a wide range of jobs and both left-handed and right-handed users.

**DL-1**

**Heavy-Duty Cutter with  
Detachable Disposal Case**

This 18mm Auto-Lock Cutter comes with a detachable Disposal Case that users easily pop off for use.

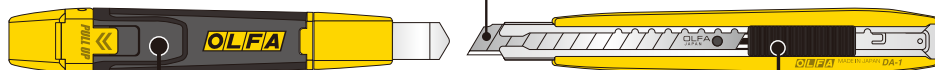

# More Easily Snap Off Blades

## DA-1 Compact Auto-Lock Cutter with a Detachable Disposal Case!

OLFA has incorporated a detachable Disposal Case that makes it easier and safer to snap off and dispose of used blades into a small Auto-Lock Cutter used widely at home and the office. It greatly reduces the hassles of snapping off blades and enhances to a maximum the advantages of the replaceable blade system that gives users the sharpness they need at all times. This easy-to-use 9mm Auto-Lock Cutter with easy handy blade disposal can be used by both left-handed and right-handed users.

OLFA's proprietary sharp blades

Set the blade upside-down for left-handed use.

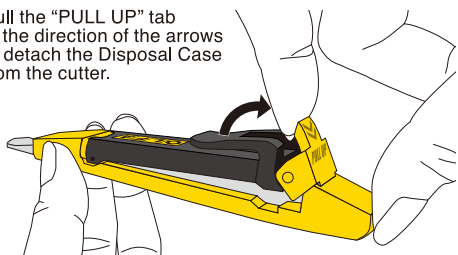

Slider Auto-Lock system

Disposal Case ... Easily detached and reattached

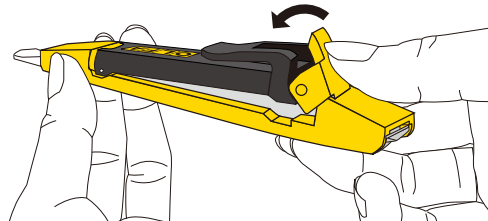

### How to detach

Pull the "PULL UP" tab in the direction of the arrows to detach the Disposal Case from the cutter.

### How to attach

Insert the tip of the Disposal Case into the backside of the cutter and press the "PULL UP" tab back down.

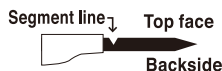

### How to snap off blades

\*Use caution when snapping off blades.

Open the cap of the Disposal Case.

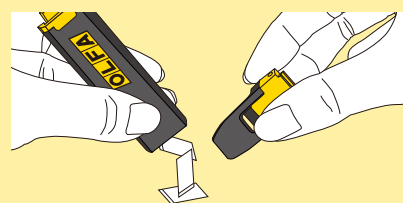

Insert the blade up to the segment line.

Bend the blade so that the segment line snaps to the outside.

The segment line is on the top face of the cutter blade. Bend the blade so that it arches and breaks at the segment line.

### When filled with used blades

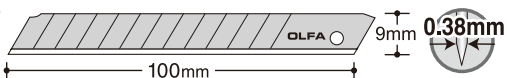

The Disposal Case can hold about 2 strips of blades. Open the Disposal Case carefully so that collected blades do not scatter. Dispose of used blades as directed by local waste codes.
